January 15, 2018,

I want to take a moment to thank all of our members for all that they have done and thank the officers of the Linesville Chamber of Commerce for their continued hard work. It is time to renew your membership to the Linesville Area Chamber of Commerce. Please keep in mind that your dues are used to actively promote the community of Linesville. It is a GREAT place to live, work and play!

We have helped to promote highly successful programs such as the Annual Town-wide Yard Sale, which keeps growing in popularity every year, Our first National Night Out Night, which promotes police-community partnership and neighborhood camaraderie which makes our neighborhoods a safer, better place to live. The Waterfowl Parade, and again this year the Christmas in Linesville with the Christmas Tree Display at Mickle's Barn and Christmas Lighted Tractor Parade both were a huge success again last year. We are again continuing the "Pay It Forward" campaign; as the people of the community who participated last year requested it to be part of our Christmas program. Each family decorated their homes for the Holidays and sponsored a charity, and encouraged others to vote for their homes/charity. Each vote was \$1.00 with the money then going to each designated charity. This year we are encouraging our businesses to join in this campaign also.

Last year our organization promoted the "Visit Linesville Brochure" and targeted the Linesville Spillway Complex, Routes 6, 80, and 90, Visitors Bureau Centers, and Facebook. We are working to improve our distribution of our brochures and using business cards to promote your businesses.

Our meetings are the third Thursday of every month at 7:00PM at the Borough Building in downtown Linesville. Member or Non-Member, we need your input and support as we strive to grow and keep our community alive and vibrant.

Thank you for your continued support in the Linesville Area Chamber of Commerce. We are grateful that you are **PROUD** and **CARE** for this wonderful community.

Sincerely,
